# GENERAL CONDITION OF SALE

## 1. OFFER, CONFIRMATION, AGREEMENT

(a) These terms and conditions ("Terms") apply to the sale or supply of all products or systems ("Products"), and the performance of all services (which includes any software provided as a service) ("Services") by Philips Lighting Italy S.p.A. ("Philips Lighting") to you ("Customer") and will form a necessary part of any Offer or Agreement therefore. Customer's ordering of Products or Services from Philips Lighting constitutes acceptance of these Terms, as such Terms may have been updated through the date of such order. As used herein, "Agreement" means any written agreement for supply, distribution, sale, or license of any Products or Services entered into between Philips Lighting and Customer, or any purchase order that is issued by Customer and accepted by Philips Lighting; and "Offer" means any quotation, proposal or offer provided to Customer by Philips Lighting.

(b) Products and Services may include web or mobile applications that may be subject to additional terms ("Additional Use Terms") or software that may be subject to additional (end-user) software license conditions ("EULAs"), both from either Philips Lighting or an affiliate, or third parties. Such EULAs or Additional Use Terms will be made available together with the web or mobile application or software, as applicable. Except where specified otherwise in a EULA or Additional Use Terms, such EULA or Additional Use Terms will form part of the Agreement. Software will not be sold to Customer, but licensed subject to the license terms in section 10 below.

(c) In the event of any conflict or inconsistency between these Terms and the terms of any Agreement or Offer the terms of such Agreement or Offer will prevail. With respect to web or mobile applications or software, any Additional Use Terms or the terms of any applicable EULA will prevail over these Terms.

(d) The terms "agreed", "consent", "confirmed", "accepted", "informed", "notified" or "notice" and documents or acts of similar meaning will be deemed to be required to be done in writing, where "in writing" means hand-written, type-written, printed or electronically made, and resulting in a permanent record. The terms "includes" or "including" will be construed without limitation to the generality of preceding words.

(e) Any different or additional terms in any purchase order, blanket instructions, terms of purchase or other writing from Customer will be deemed a material alteration of these Terms and are expressly objected to and rejected and will be of no force or effect. Commencement of performance or shipment will not be construed as acceptance of any of Customer's terms or conditions. Course of performance or usage of trade will not be applied to modify these Terms.

(f) These Terms may be amended by Philips Lighting by posting an updated version on its website, provided that in respect of an Agreement and an Offer the version of the Terms applicable as of the effective date of the Agreement or the date of the Offer will apply.

(g) Offers by Philips Lighting are open for acceptance within the period stated in such Offer or, in the event that no period is stated, within thirty (30) days from the date of the Offer, provided that Philips Lighting may amend, withdraw or revoke any Offer at any time prior to the receipt by Philips Lighting of the acceptance of an Offer. No order submitted by Customer will be deemed final or accepted by Philips Lighting unless and until confirmed by Philips Lighting.

(h) Customer is solely responsible for the accuracy of any order, including with respect to the specification, configuration or other requirements of Products and Services, and functionality, compatibility and interoperability with other products (not authorized by Philips Lighting), as well as fitness for particular use. Customer warrants that the information provided to Philips Lighting under an Agreement is complete, accurate and true, and Customer acknowledges that a failure to provide complete, accurate and true information or instructions to Philips Lighting may detrimentally affect Philips Lighting's ability to discharge its obligations or exercise its rights under an Agreement.

(i) Any catalog, specification, price sheet or other similar documentation prepared by Philips Lighting is strictly for convenience only and will not be deemed as an Offer. Philips Lighting believes such documentation is complete and accurate at time of printing, but Philips Lighting does not warrant that such documentation is error free. Philips Lighting will not accept responsibility for any damages in connection with errors of measurements, descriptions, application recommendations and the like.

(j) Products will be supplied in accordance with the standard functionalities, styles and sizes as described in Philips Lighting's catalogs or, for special or made-to-order Products, in accordance with Philips Lighting's drawings and specifications sheets. In the event of a conflict between an order of Customer and a drawing or specification sheet from Philips Lighting approved by Customer, the latter will prevail.

(k) Assumptions, exclusions and qualifications stated by Philips Lighting in Offers, Agreements or otherwise will direct the Agreement and will be construed as part thereof and guide its execution and interpretation.

(l) Where the performance under the Agreement relies on the approval, confirmation or acceptance by Customer of a (draft) proposal, design, deliverable, planning or any other action by Philips Lighting, Customer shall do so within the period stated in the Agreement, or, in the event that no period is stated, within seven (7) days after receipt of a request from Philips Lighting, in the absence of a response within such time period Customer will be deemed to have approved, confirmed or accepted as submitted by Philips Lighting.

(m) In the event that Customer resells Products or incorporates Products and/or Services in offerings to its customer, Customer shall ensure that all its customers and/or end users of Products or Services comply with all relevant Customer's obligations under the Agreement and these Terms, and that the terms of its agreement with each of its customer(s) or end user(s) are consistent with the Agreement and these Terms, failing which Customer shall indemnify, defend and hold harmless Philips Lighting and its affiliates, and their officers, directors, agents, employees, successors, and assigns from and against, all losses, liabilities, costs (including legal costs) and expenses arising out of or in connection with any non-compliance.

Prices are in Euro and unless agreed otherwise, Prices do not include any taxes, duties or other governmental fees, now or hereafter enacted, including value-added or similar taxes levied by any government, and Philips Lighting may add these to the Price or invoice separately, and Customer will reimburse Philips Lighting promptly on first request.

Shipping costs for the islands will be charged to the customer.

Upon request of the Customer, proof of delivery can be provided, charging the Customer with the administration costs.

(b) Subject to notice to Customer, Philips Lighting reserves the right to adjust Prices for Products and/or Services not yet delivered or performed to reflect variations in individual costs of more than five percent (5%) including any foreign exchange rate fluctuations, raw materials and other costs of manufacturing and distribution, and labor costs, that take effect between the date of the Agreement and delivery of Products and/or performance of Services. In addition, if an Agreement has a term longer than twelve (12) months, Philips Lighting may adjust Prices as of each 1st April (i) for the change in the most recently published inflation index compared to twelve (12) months earlier; and (ii) to reflect variations in the foreign exchange rate between US Dollar and Euro currency and/or Chinese Renminbi currency and the Euro currency of more than 5% since the date of an Offer.

(c) Any cancellation, delay or other change by Customer of a purchase order previously accepted by Philips Lighting will require the prior approval of Philips Lighting and the approval will be without prejudice to any rights or remedies Philips Lighting may have under the Agreement or at law. If, on request of Customer, Philips Lighting agrees to any such change in purchase order or a change in an Agreement, including an (partial) cancellation, delay or suspension, the addition, omission, alteration, substitution or modification of the design, quality, standard, quantity, manufacturing site or performance (including sequence, quantities or timing) of Products and/or Services (each, a "Variation"), or a Variation is required due to (i) changes in applicable laws, regulations or industry standards, (ii) emergency situations, (iii) incorrect or incomplete information provided by Customer, or (iv) non-compliance by Customer of any of its obligations under an Agreement, Customer shall reimburse Philips Lighting for all costs and expenses incurred in respect of such Variation promptly on first request.

(d) Philips Lighting may invoice Customer upon shipment of Products, or when Services have been performed. Philips Lighting may require (i) Customer to pay on fixed payment days; (ii) an advance payment of (part of) the Price; and/or (iii) invoice per separate specified phase, time period or milestone of performance. Customer shall make net payment within thirty (30) days of date of invoice to the designated bank account of Philips Lighting. Customer shall pay all amounts due to Philips Lighting in full without any set-off, counterclaim, deduction or (tax) withholding. Notwithstanding the aforesaid, any invoice falling due on a day that is not a bank day shall be payable on the preceding bank day.

(e) In the event Customer fails to make any payment due under an Agreement on the due date, then, whether or not Philips Lighting has made a formal demand for payment and in addition to any other rights and remedies available to Philips Lighting, to the extent permitted by applicable law: (i) all amounts due from Customer will be considered payable and non-disputed, admitted debt; (ii) Customer shall pay Philips Lighting interest on all due amounts from the due date until Philips Lighting has received full payment thereof, as per art. 5 of the Legislative Decree 231/2002, at a rate equal to the official ECB rate plus 7% or to the extent permitted by applicable law, and shall pay Philips Lighting all costs of payment collection, including attorneys' fees; and (iii) Philips Lighting may cancel any credit issued to Customer and require, to

its satisfaction, that Customer provides (additional) security, pre-payments or deposits, and may implement additional conditional payment terms or accelerate payments schedules for any outstanding performance.

(f) Philips Lighting may set off against and deduct from any amount that Philips Lighting (or any of its affiliates) owes to Customer under any agreement any amount that Customer owes to Philips Lighting or against any advance payments or deposits made by Customer. In the event that Philips Lighting sets off amounts in different currency it will use a commonly used currency conversion rate.

In the event of delay, Philips Lighting shall use commercially reasonable efforts to deliver Products or perform Services (where applicable) within a period that is reasonably needed given the cause of the delay, failing which Customer's sole and exclusive remedy will be to cancel the purchase order for undelivered Products and Services.

(b) Customer shall note any damage to Products caused in transit, or shortages thereto, on transport documentation immediately upon receipt of Products, with due regard to applicable instructions by Philips Lighting or the carrier. All Products delivered under the Agreement will be deemed accepted by Customer as conforming to the Agreement, and Customer will have no right to revoke any acceptance, unless Customer provides Philips Lighting notice of a claimed nonconformity within seven (7) days of the date of delivery. Notwithstanding the foregoing, any use of a Product by Customer or its customers after delivery will constitute acceptance of that Product by Customer. Philips Lighting shall at its option and within a reasonable time, correct nonconformities by either repair, make available parts, replace or deliver missing Products, or credit the Price paid by Customer for undelivered Products.

(c) Minor Nonconformities will not prevent or suspend acceptance by Customer of the Products, Services or both, and Philips Lighting shall correct these within a reasonable time. "Minor Nonconformities" are nonconformities or anomalies that do not hinder the overall operation and intended use of Products or Services in accordance with the specifications.

(d) Philips Lighting may make changes to the design, materials, fit and finish of Products or change working methods, communication systems, software or any other elements of Services, and Documentation provided that such changes do not materially affect the functionality of the Product or Services. Unless specifically agreed otherwise, Philips Lighting does not warrant the availability, accuracy, completeness, reliability, timeliness or output from Products and Services. Customer shall not use or rely on Products and Services for any other applications or purposes than agreed in the Agreement.

(e) Customer explicitly acknowledges that certain features or functionality of Products and Services may rely on the availability and correct functioning of third party service providers, as may be indicated by Philips Lighting, including supply of energy, data storage, connectivity and communication services. These are outside of the control of Philips Lighting, and Philips Lighting will have no responsibility or liability in this respect.

(f) Customer is responsible for all information, orders, instructions, materials, and actions provided or performed by Customer directly or by third parties engaged by Customer (excluding subcontractors of Philips Lighting) in connection with the delivery or performance by Philips Lighting of any Products or Services. Philips Lighting will be entitled to rely on the accuracy and completeness of all information furnished by Customer, including where Philips Lighting provides data collection, design or audit services. Upon request of Philips Lighting, Customer shall promptly provide any other information, services or support under Customer's control and relevant to the performance by Philips Lighting under the Agreement.

(g) In the event of delay or interruption in delivery of Products or the performance of Services for reasons not attributable to Philips Lighting or due to a Variation, the timelines for performance by Philips Lighting will be amended accordingly. Philips Lighting will be entitled (in addition to the increased costs referred to in section 2(c)) to a reasonable compensation by Customer for any damages and/or costs incurred by such delay.

(h) In the event that an Agreement contains (minimum) stock requirements for Philips Lighting, Customer shall at first request of Philips Lighting purchase Products kept in stock under such requirement.

### **4. USE OF PRODUCTS AND SERVICES**

(a) Customer shall use Products and Services only for their intended purposes and in accordance with all instructions contained in the manuals, guidelines, warranty terms and any other terms and conditions applicable to such Products and Services or provided by any personnel of Philips Lighting, deployed or subcontracted by Philips Lighting in the performance of an Agreement ("Personnel"). (c) Customer shall not perform (or permit) any activity on any equipment or software supplied and/or used by Philips Lighting in the performance of Services, except normal use in accordance with the specifications or otherwise with the prior approval by Philips Lighting. In the event of any unauthorized actions, Philips Lighting may suspend the Services until the equipment or software has been restored to its original compliant state and charge Customer on the basis of a Variation, and until confirmed any warranty obligations of Philips Lighting with respect to such Services will be null and void. Any changes to equipment or software owned by Philips Lighting (or its licensors) will be exclusively owned by Philips Lighting (or its licensors), even if such changes have been performed by or for Customer.

Customer shall not return Products to Philips Lighting without consent of Philips Lighting and unless in accordance with applicable Philips Lighting' return policies. In the event that Philips Lighting decides that a claim under warranty is not valid, Customer will bear the costs incurred by Philips Lighting in handling and testing, and the transport of Products returned.

(f) Any indemnification and warranty obligations of Philips Lighting under an Agreement are conditional upon (i) proper storage, installation, use, operation, and maintenance of Products, all in accordance with user manuals, warranty policies and other instructions or terms communicated by Philips Lighting to Customer; (ii) Customer keeping accurate and complete records of operation and maintenance during the warranty period and providing Philips Lighting access to those records; and (iii) modification or repair of Products or Services only as authorized by Philips Lighting. (h) If a recall, retrofit, update, withdrawal or any other remedial action related to any Product is required, Customer shall fully cooperate and shall provide such assistance as Philips Lighting may require. Customer shall keep accurate books and records to assure traceability of the Products in the event of a Product recall or any other remedial actions.
